

/ PRESS RELEASE // APRIL 2024

Andreas Böhm is the new Managing Director of Vollmer

Biberach/Riß, 16 April 2024 - On 1 April 2024, Andreas Böhm took the helm as the new Managing Director of the Biberach-based sharpening specialist Vollmer. He succeeds the previous Managing Directors Dr Stefan Brand and Jürgen Hauger. Andreas Böhm brings a wealth of international experience in the field of mechanical engineering to the company. He worked for the Liebherr Group for more than 25 years, including over 10 years as a member of the Board of Directors of Liebherr-International AG.

"Throughout my work at Liebherr, I am not only familiar with mechanical engineering, but also with the Swabian mentality. I would like to contribute my international experience to further advance Vollmer as a global and innovative partner to the tool industry," says Andreas Böhm, Managing Director of the Vollmer Group.

Andreas Böhm has held various management positions for the Liebherr Group in China, Ireland and Germany. He was then a member of the Board of Directors of the Group's holding company in Switzerland from 2011 to 2022.

At the Biberach-based Vollmer Group, Andreas Böhm succeeds Managing Directors Dr Stefan Brand and Jürgen Hauger. For him, it is of central importance to maintain Vollmer's family-orientated tradition whilst at the same time aligning the company to the current international challenges. The declared aim of the Vollmer Group is to continue along the path it has been following for decades as a leading technology and service company and innovative partner to the tool industry.

"We wish Andreas Böhm all the best and are delighted that Vollmer is getting a managing director who will continue to lead the company in the spirit of the previous management and the company's 115-year tradition," says Vollmer Supervisory Board Chairman Martin Kapp.

About the VOLLMER Group

With its comprehensive range of machinery, the VOLLMER Group – which has sites in Germany, Austria, Great Britain, France, Italy, Poland, Spain, Sweden, the USA, Brazil, Japan, China, South Korea, India, Russia and Thailand/Taiwan – enjoys global success as a tool machining specialist in the areas of both production and service. The technological leader's range of products includes the most advanced grinding, eroding, laser and machining tools for rotary tools and circular saws in the woodworking and metalworking industries, as well as for metal-cutting band saws. In offering this, VOLLMER draws heavily on the company's long-standing expertise and its strengths: Local contacts for efficient communication channels, quick decisions and rapid action by a family-run company. The VOLLMER Group currently employs approximately 800 workers worldwide, with around 580 of these at the main headquarters in Biberach alone, including more than 75 trainees. The company invests around eight to ten per cent of its turnover in the research and development of new technologies and products. As a provider of technology and services, the VOLLMER Group is a reliable partner to its customers.
